

**2022 OUTSTANDING SERVICE AWARD
NOMINATION FORM
DUE: Wednesday, November 30, 2022**

Please select which award your nomination is for:

George Award Nomination

- The Astoria-Warrenton Area Chamber of Commerce and the City of Astoria are proud to honor a local recipient for outstanding community service every year. The prestigious George Award honors someone who has consistently stepped forward to meet community needs, instead of “letting George do it.”

Richard Ford Distinguished Service Award Nomination

- Richard Ford’s family established this award to honor the late Richard Ford for his exemplary service to this community. Ford worked for the City of Warrenton as the building inspector and the fire chief. But, most importantly, he volunteered his time helping his neighbors. The award, presented by the City of Warrenton & the Chamber, is given to a person who has devoted time and energy in countless ways to the community.

Chamber members and the public are invited to offer nominations. The nominations are reviewed & the recipient is selected through a committee comprised of prior recipients, a member of the Chamber board and the Mayors of the respective cities. You are encouraged to include plenty of detail about the nominee’s community involvement, as well as letters of support, as the selection committee might not know the nominee. Nominations will be under consideration for two years, after which time you must re-submit your nomination if your nominee has not won.

If your nominee is selected, we will notify you by Dec. 31, 2022, and ask you to assist in making sure the recipient and his/her friends and family attend the awards ceremony. The award recipient(s) will receive his/her award during the Astoria-Warrenton Area Chamber of Commerce Annual Meeting & Banquet on January 28, 2023.

The nomination & all supporting materials must be received by **5 p.m. on Wednesday, Nov. 30, 2022**. Submit the form to:

- Astoria-Warrenton Area Chamber of Commerce: 111 West Marine Drive/P.O. Box 176, Astoria, OR 97103
